

# Warm Whispers

Missy Higgins

Your warm whispers  
Out of the dark they carry my heart  
Your warm whispers  
Into the dawn they carry me through

And I am weeping warm honey and milk  
That you stay surrounding me, surrounding me

Your warm whispers  
Letting me drown in a pool of you  
Your warm whispers  
Keeping the noise from breaking through

And I am weeping warm honey and milk  
That you stay surrounding me, surrounding me

Yeah, I am weeping warm honey and milk  
That you stay surrounding me

Your warm whispers  
And I am weeping warm honey and milk  
Your warm whispers

Joy, joy, joy, joy, joy  
Joy, joy, joy, joy, joy

Your warm whispers  
Your warm whispers
